General Boat Description

This 2003 Catalina 28 is a clean, well-maintained boat that is ready to enjoy. A great choice for Chesapeake Bay cruising, she is equally well suited for day sailing, weekend getaways, or longer trips. With only 300 hours on the engine and just two previous owners, this Catalina has been well cared for. The current owners purchased her in 2017 and have enjoyed keeping her in Deltaville ever since. The canvas dodger, bimini, and connector provide protection from the elements while underway or relaxing in the cockpit. Below deck, the galley has everything you need to keep the crew comfortable, while ample storage throughout the boat makes it easy to pack for longer adventures. Whether you're looking for a capable day sailor, a comfortable weekender, or a boat ready for extended cruising, this Catalina 28 is a great opportunity to get out on the water and start making memories for years to come.
