General Boat Description

Purchased new from Chesapeake Yacht Sales and delivered in September of 2021, this popular daysailer is very well equipped and ready for you to clamp on your outboard and have fun on the water. She features a shoal draft wing keel for great stability and is capable of getting you into skinny water areas that can't be explored by deeper drafts. Her large cockpit has room for the crew, and she can be used for overnight excursions as well with berths for 4. Her trailer has only been used twice and has never been in the water so you can feel confident exploring bodies of water only accessible by road.
