Engine Model: 4JE2E

Engine Type: Inboard

Engine/Fuel Type: diesel

Engine Hours: 0

Tanks

Fresh Water Tanks: 3145Gallons

Fuel Tanks: 150Gallons

General Boat Description

The Hunter 410, "Summer Wind", is the culmination of comfort and performance that has been designed and rigged to make sail handling safe and easy for all. The signature B & R rig allows for a larger main and smaller jib making tacks and furling much easier but providing the extra sail area to make it exciting. The stainless arch keeps the mainsheet up and away and also makes a great attachment point for the Bimini and stereo speakers. Whether you're sitting dockside or going to weather, the cockpit is very accommodating. By pushing the coamings out to the gunnels, you have room for the crew and a custom console. There is also plenty of storage in the cockpit as well as on the walk-through transom. Warm teak bulkheads and custom furniture are spray-lacquered for that custom look, and all the counters are fitted with genuine Corian. A private forward stateroom boasts a wide double berth, and the aft master features a King Size memory foam mattress. Multiple hanging lockers and plenty of drawers will swallow your gear and even leave room for your guest. Two heads with showers and a full-featured galley round out this incredible layout.

Recent updates include: New sails (2026), New starter and house batteries (2026), Raymarine E9 Hybrid gps/chart plotter, electric main head, new power inverter, Magma cockpit grill, new microwave oven, new dodger Eisenglass, new macerator pumps, new air-conditioning water pump, new OEM window shades throughout, new custom Sunbrella upholstered interior cushions through all cabins, new cockpit cushions. Engine and systems receive full maintenance each off-season.

If you're looking for a great looking boat with fantastic accommodations and matching performance, come see Summer Wind!!
