The accommodations plan is designed for adventurous people who want to experience nature - comfortably. The main living spaces (including galley) are all on one level, and connect seamlessly to the spacious cockpit. Warm and dry when it\'s rough, open and airy when it\'s not - you\'ll always have an intimate connection to your surroundings. Add in your adventure options, and there\'s no

weekend you can\'t conquer. All current True North owners agree that one of the most popular features of the boat\'s "open concept" is the "galley-up" configuration, and the OE is no different. Serious cooks love the large and well-equipped galley and everybody loves being up in the center of the action.
